Things to Consider in Selecting Piper for Your Next Job

Fall 2010

1. A position at the Piper is a great opportunity. It is a learning experience, a chance to make a good income, and meet talented and friendly people. At the Piper, you will be treated as an adult. Management will have adult job expectations for you.
2. During training, it will be necessary for you to study materials outside of work and to come prepared to take follow-up quizzes. Training takes a minimum of seven days. You will earn minimum wage during the seven-day training - no tips.
1. Professional appearance is important and required. Being well groomed and wearing a clean and well-maintained uniform is the first step in earning a 20% tip—which should be your goal.
2. Your position will include “side-work” before, during and after every shift. This will include restocking, set-up and cleaning. Side work is a requirement so that Piper’s high standard is maintained.
3. New staff will be reviewed after a two-week probationary period. Management is looking for competency in service, computer skills, side work, table maintenance, service fine points, teamwork and appearance.
4. This position requires continuous on-the-job training, pre-shift meetings as well as mandatory server meetings four-five times per year. It will be necessary for you to devote time outside of work for study and research. Internet accessibility is necessary.
5. Working Sundays is a requirement, and you must be available and willing to work.

***The Piper staff is a team of professionals.
We encourage those who are serious about job commitment,
take pride in their work environment,
plus enjoy personal and monetary rewards to join our group!***

In applying for a position on the wait staff team, I have read and understand the job commitment.
